What Did You Do This Summer?

Our summer was exciting. We had youth attending several events. National Junior High Conference in June was held at Elizabethtown College. Several youth traveled to Unionville for Creation Festival. We had a group go to Sharpsburg, Maryland for the 24 hour Global Village experience with Heifer International in July. The Senior High Youth attended a “Week of Hope” in Newark, New York during the last week of July. And in addition to all of this some youth attended Camp Swatara.

Now it’s the time of year to get back to things – more life as usual. The question is – of all of those summer experiences – *what will we bring back?* What will we remember from the worship times, the stories shared, the challenges faced, and the relationships we built? Has our summer experience formed anything new in our hearts? Have these events changed us in any way? Have they impacted the way we think about our lives, about ourselves, or about our faith?

School has begun again.

What is new with you?

Isaiah 43:19 *”I am about to do a new thing; now it springs forth, do you not perceive it? I will make a way in the wilderness and rivers in the desert.”* (God’s voice)

The Photos I Wish I Had

I love taking picture. I remember my first camera was actually a box camera you strapped around your neck and looked down into the view finder. I don’t think I was even 10 years old at the time. I’m quite sure it was rather old when I was using it, a hand-me-down. My next camera I earned by selling greeting cards and gift wrap door to door in my neighborhood. (my sister and I would make and sell pot-holders too – so we already had a good customer base). I think I used that “instamatic” until they didn’t make film cartridges for it any more. Then for college – I had to get my first real camera to I take photography class. It had lenses and settings, F-stop and shutter speeds. I used it until it finally broke and I had to venture into the digital age. I don’t have all of my past camera’s that are so out dated now but, they do have a special place in my heart.

That is why I will miss so deeply my first digital camera, lost this summer during Week of Hope. I was “hoping” someone would return it or that it would have been found near the parking lot where it must have dropped from my back pack – but no. I think God is helping me to let go of some of my worldly possessions. I know there is a lesson in this for me. (that and the lesson: don’t delay in downloading images to the computer)

The unfortunate part of the whole thing is that the camera was filled with photos from this summer’s youth adventures. So there will be only a few images from our trips and travels. I have pulled images from facebook friend pages, the Brethren website and relied on youth and youth leaders who captured a few photos to use here. This will make our bulletin board a bit empty too. Thankfully, Susan Adsitt took dozens of photos from our time at the Global Village – so I won’t miss mine as much.

All of the photos helped to describe a great summer. I had pictures of Ava and Gabby and Andrew up on stage during worship at the NJHC and our group sitting together in the Lefler Chapel. There were some great shots of the Sr High group on our boat cruising down the Erie Canal enjoying some snacks and listening to the tunes on the onboard radio. And the last photo I took of the group on the draw bridge in Fairport, NY from the canal trail. I can still picture them in my mind. Beyond the youth photos, the photos I will miss the most are from the 6 hours in July we got to spend with Mason in Maryland before he returned by bus to Michigan for the next 13 months in BVS. It’s good we have our memories to replay the pictures in our minds.

Teacher Needs

Here is an opportunity to grow in your faith along with helping our youth ministry. We are in need of a few approved adults to support our Sunday School program throughout the school year. You will join a team of teachers so you are not committing to every Sunday. Our Jr. High classes will focus this year on our series "Me and Jesus", diving into what we know about Christ already and why should we be interested in following Him. This year the Sr. High hope to make a few field trips to visit other places of worship and learn how Christianity compares to other faiths in our world. We'll need people to go with us on our visits. During the month of October both classes will be studying from the Circle of Grace ministry series. If you have not currently applied to be an Approved Adult, you will need to complete the forms and watch the educationally video to share in this ministry. Please talk to Linda if you are interested.

New Bibles

When youth move from 8th grade into 9th the church wants to encourage finding a Bible translation that will grow with you into adulthood. Anyone in Sr High who does not have a Bible in the version you like – please ask Linda if you are in need of one. We will be again inviting Gene Bucher to our Sr High Sunday School class to share about different translations. Gene hopes to share with us some time in November or December. If you have received a certificate

for a Bible (this year or last year) – remember to check or write down the version you would like and return it to mailbox #9.
